Preface

Dr P G Rao
Ph D (IIT,M), FNASc,
FIE, FIChE, FAPAS, HFABP

I am happy to place before you the Fifth Annual Report of the UNIVERSITY OF SCIENCE AND TECHNOLOGY, MEGHALAYA (USTM) covering the period, April 01, 2016 to March 31, 2017.

The USTM is an institution dedicated to the cause of high quality science and technology education and advanced research in frontier and cutting edge areas leading to the creation of a University where innovation, invention and entrepreneurship remain the perpetual focus and thrust. We believe that Science and Technology will build a new India that fulfills the dream of millions of people in this country.

USTM is a young university. The idea has taken shape after two years of deliberations carried out by the Education, Research and Development Foundation with eminent educationists, former Vice Chancellors, distinguished scientists and public figures of the North East under the leadership of Mr. Mahbubul Hoque, an educationist and Chairman of the ERD Foundation. I am fortunate to have joined the University family on 2nd June 2014 as its Vice Chancellor.

It has been a wonderful and active year with number of academic programmes and increase in the number of students taking admission at USTM. The progress of work during the year in each school is presented through list of staff, student's strength, publications, books published; seminars attended/ conducted and research projects ongoing. Two Ph D scholars have successfully become eligible for the award of the degree working on a socially relevant problem of North East. The National Council for Teacher Education (NCTE) has made it's inspection of the university on 19th April 2016.

The university has signed MoU with Dhaka University; Surindra Rajabhat University, Thailand; University of Gresik, Indonesia; Jamia Milia Islamia, New Delhi; Gauhati University. Number of MoU's are signed with other agencies for academic progress.

The university community was blessed with the presence of dignitaries like Shri AS Kiran Kumar, Chairman, ISRO; Shri P B Acharya, Governor of Nagaland; Shri Moni Shankar Aiyar, former union minister of DONER and former NEC Chairman; Dr Dhruba Jyoti Borah, President of Asam Sahitya Sabha, Ranjit Kr Das, Hon'ble Speaker, Assam Legislative Assembly, Prof AC Bhagaboti, former VC Gauhati University and other VC's of the universities in the North East and outside in various programmes.

The Hon'ble Chancellor of the University has received the "Maulana Abul Kalam Azad Memorial Award" given by Barak Education Society, Silchar for his immense contribution in the field of education in the North East. The University has started its journey with a mission and vision to create an inclusive, barrier free and open environment for higher education. The founding of this University is an investment in the future of this nation and in the future of generations of youth. I appeal to everyone associated with this University to give nothing less than the best.

I thank the Hon'ble Chancellor, Mr. Mahbubul Hoque for his vision and dynamism with which he is nurturing the University. The endeavor is to create a University of international standard in this part of the nation. We, the University Community shall stand up as a team and make it happen. I thank the Faculty, Staff, Students, Advisors and ERD Foundation for their cooperation and support.

P.G.Rao

Vice Chancellor, USTM

From the Chancellor's Desk

The journey of USTM began with only 6 students and 5 faculty members in 2011. However, the institution has come a long way within this short period. At present, it has strength of more than 3500 students and 200 faculty members. This leap has been possible because of the trust and belief of the students and the blessings and support of many eminent personalities, academicians and also my strong team, which made USTM one of the fastest growing private universities in the entire North East India having all the statutory approvals of UGC, AICTE, NCTE, BCI etc.

I am very grateful to the Members of the Legislative Assembly of Meghalaya, especially to the then Chief Minister, Dr. Donkuper Roy and Hon'ble Former Governor of Meghalaya Shri R S Mooshahary who were behind the birth of this university.

You will be happy to know that USTM has already hosted a large number of National and International Seminars, Conferences and Workshops on relevant topics where high level dignitaries including Former President of India Late Dr. A.P.J. Abdul Kalam; Shri AS Kiran Kumar, Chairman, ISRO; Governors and Chief Ministers of different States, Vice Chancellors of some of the top class universities of the country and other distinguished guests had graced on many occasions.

It is disheartening to note that no University in India could be able to find its place in the top 100 Universities of the world. We have set up the milestones under the Mission USTM as "Mission Bronze", to make the University as one of the Best in the East by 2020, "Mission Silver", to become one of the Best in India by 2025 and the "Mission Gold", to become a World Class University by 2030. My colleagues are working relentlessly for achieving this dream with the constant guidance, supervision and expertise from renowned academic fraternity of the region.

Let us make an Oxford or Cambridge like University in this part of the country and I am quite hopeful that we can.

Hope everyone will support and pray for us to make it a world class destination of knowledge.

Mahbubul Hoque
Chancellor, USTM

ABOUT USTM

The University of Science & Technology, Meghalaya (USTM) is the first State Private University on Science and Technology in the entire North East India, sponsored by ERD Foundation, Guwahati. The University is being established in four adjacent plots of more than 400 acres of picturesque landscape surrounded by tranquill greenery in Assam-Meghalaya border just one km from G S Road, Baridua, 9th mile, opposite to CRPF Camp, Ri-Bhoi District of Meghalaya. It is about 85 kms from Shillong, the Capital of Meghalaya and 6 kms from Dispur, the Capital of Assam. The campus is well connected by rail and air which is only 15 kms from Guwahati Railway Station and 48 kms from Guwahati International Airport.

The University has been established under the provisions of the University of Science and Technology, Meghalaya Act (No.6 of 2008) enacted by Legislative Assembly of Meghalaya and notified vide Gazette Notification No LL(B)87/2008/21, dated 02.12.2008 of Government of Meghalaya. The University is empowered by the University Grants Commission, to award degrees as specified by the UGC under section 22 of the UGC Act, 1956. USTM has also received necessary approval from AICTE, New Delhi and NCTE, ERC, Bhubaneswar to run MBA and B.Ed. courses respectively.

With more than two years of focused study on the educational needs of the region by leading Academicians, Scientists and a group of Vice Chancellors and educational administrators of the region, USTM has started its systematic academic process. The University is dedicated to the cause of high quality science and technology education and advanced research in frontier and cutting edge areas leading to the creation of a University where innovation, invention and entrepreneurship remain the cardinal focus and thrust. Facilities are being offered with this long term goal with special focus and thrust on the Science and Technology needs of this region. Creating the best graduates who can think, innovate and invent would remain the all time driving force of USTM. The University would direct all its efforts to create the needed Science and Technology manpower to foster relentlessly the economic and social development of the region in an inclusive manner.

USTM offers UG, PG, Diploma and Ph.D courses under its different schools viz.

- School of Applied Sciences
- School of Biological Sciences
- School of Business Sciences
- School of Engineering & Technology
- School of Social Sciences & Humanities
- PQH School of Education

UNIVERSITY SCHOOLS, DEPARTMENTS & PROGRAMMES

School of Applied Sciences

The School of Applied Sciences (SOAS) endeavors to impart education of fundamentals so that students can well appreciate the intricacies of day to day problems and attempt to solve applied problems. All academic programs emphasize the integration of the basic sciences within an interdisciplinary approach with the expressed intention of encouraging research, innovation and motivation of students to work within a diverse range of professional situations. Details of departments and Courses under the School are given below:

Sl No	Departments	Courses Offer	Duration (Semester)	Intake	Enrollment 2016

School of Biological Sciences

The School of Biological Science (SBOS) aspires to excel in research and teaching with the mission to create new knowledge about biological processes and principles, and to disseminate the same by educating and mentoring students/scholars, about both the factual knowledge and experience of discovery in biology. We aim at enriching knowledge on the natural resources of the region which are yet to be exploited. Special importance is given on the human resource development by way of training the young talents from the North East, so that competent groups of scientist as well as technical personnel are available for advanced R & D in the country. The main objective of the School is to become a pioneer of modern interdisciplinary biological sciences by integrating emerging disciplines with biological sciences. Details of departments and Courses under the School are given below:

School of Business Sciences

The main objective of School of Business Sciences (SBUS) is to provide quality management education and cater to the dynamic needs of the corporate world. This millennium will be an era of information where new paradigm for management and leadership will be knowledge and connectivity. The course curriculum at SBS has been structured in such a way that the students imbibe the necessary basics and get exposed to specialized knowledge, prerequisite for becoming a proficient manager & corporate leaders. The department of Business administration, USTM offers full time BBA & MBA (approved by AICTE) programme. The focus of the department is on imparting quality management education and the course curriculum has been designed keeping in mind industry specific needs. It is based on teamwork and uses a number of pedagogical methods, including case-studies with a lifelong framework of practical and intellectual skills that will serve them throughout their career. Details of departments and Courses under the School are given below:

School of Engineering and Technology

The School of Engineering and Technology (SOET) envisages ushering a new era of technical education in the North Eastern part of India and proposes to introduce several courses and programmes. The Deptt. Of Computer Science and Electronics under the school has start functioning to meet the growing demand for qualified professionals in the field of Information Technology. This programme is inclined more toward application development and thus has more emphasis on latest programming language and tools to develop better and faster applications. The programme in Electronics focuses on electronic components and circuits that are used in computers, mobile phones and other modern instruments for better control and performance. Details of departments and Courses under the School are given below:

School of Social Sciences & Humanities

The School of Social Sciences and Humanities [SSSH] has been established with the objectives of inculcating scientific temper and enhancing technical knowledge with humane and social values, besides, of course, emphasizing on “humanistic-social stem” of science and engineering curricula. It envisions to develop a hub of teaching and research having a global impact through superb and finest programmes, as evident from the various curricula for undergraduate and post-graduate students. The School has a much articulated role in preparing students to be leaders and global citizens, and training them how to work, lead and strive in cultures around the world. It intends to convey a message favouring application of science to common purpose of life. Social Work emphasizes on producing young trained professionals who understand the meaning of social work and position them to take up jobs in various social service sectors in the region.. Students are exposed to real environment by organizing study tours, rural camps, seminars and panel discussions on burning issues faced by the poor and deprived secretions. Mr AMM Zakir, Director, SIPRD while inaugurating the seminar on Sustainable Development Goals: Perspectives from the Indian Villages at USTM stated "Rural development is a very fascinating subject for the growth of grass root level condition. And panchayat plays the most important role in this process. Field surveys hold the highest value in identifying the problem and issues in the village rather than theoretical analysis.

National Seminar on 'Ethnicity and Identity in the North East : Indian Writing in English'

A two-day-long National Seminar was held from 18 to 19 February 2017 on *Ethnicity and Identity in the Northeast: Indian Writing in English*. The Seminar was organized by the Department of English, USTM in association with the Department of English, Jamia Millia Islamia, New Delhi.

The Seminar began with a welcome song by the MA Students. This was followed by the speech of Dr PG Rao, VC, USTM. The Keynote speaker, Prof GJV Prasad, Centre for English Studies, JNU started off with a beautiful line "The Sun Rises Here". The key points that he highlighted were inherent conflict between "Us" and "Them", biggest marker of identity being 'gender', pre-existing notion that everything is fixed but which is not in reality, and so on.

Other guest speakers were Prof M Asaduddin, Dean, Faculty of Humanities and Languages, Jamia Millia Islamia, New Delhi, Prof Bijay K Danta, Department of English and Foreign Languages, Tezpur Central University, Prof Asha Kuthari Chaudhuri, Department of English, Gauhati University.

Hoque, Chairman, ERDF, Guwahati on the cited above subject, I am directed to inform you that University of Science & Technology, Meghalaya has been established by Act (No. 6 of 2008) of State Legislature of Meghalaya as a State Private University and is empowered to award degrees as specified by the UGC under section 22 of the UGC Act 1956 through its main campus with the approval of statutory councils, wherever required.

There is no provision to affiliate Colleges, have Regional Centres and off Campus etc beyond the territorial jurisdiction of the State as per the UGC (Establishment of and Maintenance of Standards in Private University) Regulation, 2003 and the judgment of the Hon'ble Supreme Court in the case of Prof. Yashpal Vs Chhattisgarh.

Keeping in view of the above you are requested to ensure that on the following:-

1. No off campus centre(s) is opened by the University outside the territorial jurisdiction of the State in view of the judgement of Hon'ble Supreme Court of India in case of Prof. Yash Pal Vs Government of Chhattisgarh.
2. In case the University has already started any off campus centre outside the State, it must be closed immediately. It may also be ensured that any off campus centre within the State shall be opened only as per the provision laid down in the UGC (Establishment of and maintenance at standards in Private University) Regulation 2003 and with the prior approval of UGC.

You are also requested to send the information in the prescribed format (copy enclosed) for inspection purpose as per UGC Regulation referred to above.
