From the Desk of Vice-Chancellor

Greetings to all. I am happy to inform you that I have become a member of USTM Family from 2nd June 2014, with the responsibility to steer the University in its mission to achieve its goals. I have a very big task ahead and need cooperation from one and all. I assure you all that I will move with team spirit and take us all together.

This issue of the news letter gives you the important events taken place in the university since January 2014 to till date. I am happy to inform our programme of North East College Principals Conclave, will be held on 23rd of July.

I wish an interesting academic session in the next semester to all students, inspiring and fruitful session to the entire faculty and an eventful session, which will make all the staff and management proud. I Congratulate the Editorial Committee and its team for making all efforts to bring this news letter.

With best wishes
Dr PG Rao

BHARAT RATNA DR APJ ABDUL KALAM, FORMER PRESIDENT OF INDIA AT USTM

Missile Man of India Dr A P J Abdul Kalam, former President of India will address the North East College Principals Conclave (NCPC) 2014 at Techno City, University of Science & Technology, and Meghalaya (USTM) on July 23.

The Conclave has been organized by USTM in association with Assam College Principal's Council (ACPC) with an aim to streamline the education institutions, knowing each other's potentials and working together for the promotion of educational scenario in the region.

Over one thousand college principals of all the degree colleges of Assam as well as the other north eastern states, teachers and renowned academicians of the region are expected to participate in the conclave. A large number of college and school students will attend the address of Dr Kalam.

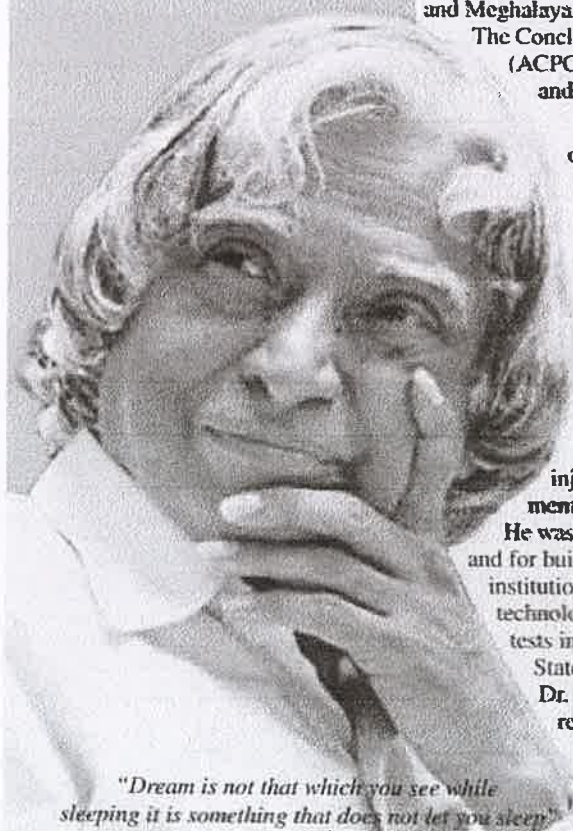

Dr Kalam will address the principals emphasizing on science, innovation and other related issues to be cultured in educational institutions for the greater benefit of the students of the region as well as the country which will be a step towards technological advancements to make India a developed nation.

Know about Dr. Kalam.....

Dr. Kalam is a pioneer in fibre glass technology and led a young team to initiate this effort in ISRO from design, development leading to production of composites rocket motor cases. Dr. Kalam made significant contribution as Project Director to develop India's first indigenous Satellite Launch Vehicle (SLV-3) which successfully injected the Rohini satellite in the near earth orbit in July 1980 and made India an exclusive member of Space Club.

He was responsible for the development and operationalisation of AGNI and PRITHVI Missiles and for building indigenous capability in critical technologies through networking of multiple institutions. One of his significant contribution was creating Research Centre Imarat for advanced technologies. He led to the weaponisation of strategic missile systems and the Pokhran-II nuclear tests in collaboration with Department of Atomic Energy, which made India a nuclear weapon State.

Dr. Kalam is one of the most distinguished scientists of World with the unique honour of receiving honorary doctorates from 47 Universities and institutions from India and abroad. He has been awarded with the coveted civilian awards - Padma Bhushan (1981) and Padma Vibhushan (1990) and the highest civilian award Bharat Ratna (1997)

Orientation Program of the Under Graduates

The orientation program of the UG Batch of 2014-16 was conducted at USTM on July 14, 2014 in the conference hall.

AWARDS & ACHIEVEMENTS

Dr. Dinesh Baishya
Dean, School of Media Sciences & Cultural Studies
appointed as a member Gauhati University Court
He is also appointed as Member, State Music
Board Govt. of Assam.

Dr. Papiya Dutta
Faculty, Rural Development
Awarded Ph. D by N.I.T. Agartala

Dr. Gobinda Palit
Faculty, Geography
Discovered/Explored new
butterfly species continental green flash.

Dr. Meenakshi Bhattacharjee,
Faculty, Biotechnology.

Published a Paper on "Role of Glutathione S Transferase Polymorphism in COPD with Special Reference to Peoples Living in the Vicinity of the Open Cast Coal Mine of Assam." in the journal PLOS One, Volume 9, Issue 5.

Innovative Research at USTM work on Protein-Enzyme

Dibyajyoti Ozah, a Ph D Scholar of University of Science and Technology Meghalaya(USTM) who is on the verge of submitting his research work entitled "Isolation, Identification and Molecular Characterization of Extracellular Protine (Coagulase) of microbial Origin" under the vital Guidance of Dr BG Unni, Chief Scientist & Area Coordinator of CSIR-NEIST and joint Guidance of Dr R K Sharma, Pro Vice Chancellor USTM, has already earned appreciation from the various eminent scientists from the respective field. "International Journal Of Pharmacy and Pharmaceutical Science" which is a reputed science journal has already published a paper on the ongoing experimental works of Dibyajyoti Ozah.

The experimental works have been carried out in Biochemistry and Molecular Biology Laboratory under Biotechnology Division of CSIR- NEIST, Jorhat in collaboration with USTM. Isolation, partial purification of Staphylocoagulase has been completed. The basic idea behind the study is that, the bioactive molecules produced by the microbe after isolation and purification will be of high industrial use and will have high impact in health sector. The present study was undertaken with the major objective to Identify, Characterize and Purify the extra cellular protein(Coagulase) from the microbial extract. The protein showing clotting of plasma to be purified for further homogeneity and the clinical bioassay with plasma coagulase.

Upcoming events

Visit of Former President Dr. A P J Abdul Kalam at USTM

The Former President of India, a great scientist and educationist Dr. A P J Abdul Kalam will visit University of Science and Technology, Meghalaya (USTM) on 23rd July, 2014

North East College Principal's Conclave (NCPC)

University of Science and Technology, Meghalaya (USTM) in collaboration with Assam College Principal's Council (ACPC) will be organising North East College Principal's Conclave (NCPC) on 12th July, 2014 at the University itself. ACPC is an apex body of the Higher education both in academic decision making and implementation of programmes of higher education in the grass root levels.

The primary objective of this conclave is to provide a common platform to facilitate discussions amongst various stakeholders in the field of Higher Education. The day long conclave will witness the presence of Principal's of colleges and Administrations from higher education as well as academicians of repute. The areas to be covered in this conclave are Higher Education in North East India, Rashtriya Uchcharat Siksha Abhiyan (RUSA) An Overview. Principals of the Colleges and institutions of higher Education in NE India will be participating in this conclave.

The conclave will be inaugurated at 10 am on 12th of July, 2014. The program then will be followed by various technical sessions.

Orientation Program of Post Graduates 2014

The University of Science and Technology will be conducting the Orientation program of the new undergraduates on 11th August, 2014. This orientation program will be organized for the new students who had taken admissions in the 2014-16 batches.

US Based NRIs at USTM

A Team of US based NRIs will shortly visit USTM to see the oppourtinites for student exchange programmes' specialized lectures to students, faculties & scholars; creating avenues for students; short term training in USA universities, fellowship in innovative research, placement services to eligible candidates and eventually collaboration in specific areas.

Najma Heptulla Launches Skill Development Programme for Madrasa Students

A scheme of Skill Development Centers for Madrasa students by Maulana Azad National Academy for Skills (MANAS) under the Ministry of Minority Affairs, Government of India was launched on Pilot Project basis. Dr. Najma Heptulla, Honourable Union Minister of Minority Affairs inaugurated the Skill Development Centers from the campus of University of Science and Technology, Meghalaya via remote video link in six different madrasahs in the district of Kamrup, Assam and a Skill Development Centre in USTM. The facility of the Skill Development Centre at USTM will also be availed by the Christian minority in the neighbourhood of USTM. University of Science & Technology, Meghalaya will provide the technological support for the programme.

On the occasion, Dr. Najma Heptulla also inaugurated the Maulana Azad Academic Block and laid the foundation

From the Desk of the Vice Chancellor

Let me wish one and all a happy New Year 2016 and greetings of the season. It gives me immense pleasure to present before you the progress of activities of the University of Science & Technology, Meghalaya, for the fourth quarter and odd-even semester of the eventful year 2015-16, through this news letter.

Our Hon'ble Chancellor, Sri M Hoque received the Prestigious "Aligarh Movement award 2015" for his efforts in promoting the education in NE region. USTM has become the member of AIU and a MoU was signed between USTM and JNU, New Delhi during this period.

To add to the strength of Academic Activity, Prof. Amarjyoti Choudhury former Pro VC of Tezpur University joined USTM as CV Raman Chair Professor of Applied Science.

During this period, number of workshops, seminars, were organized by various departments.

I am happy to congratulate the editorial team and advisors of the news letter for their sincere efforts in bringing the news letter in time.

Dr. P.G.Rao, Vice Chancellor

USTM Signed MoU With JNU, New Delhi

A MoU has been signed between Jawaharlal Nehru University (JNU), New Delhi and the University of Science and Technology, Meghalaya (USTM) on the 25th of January, 2016 by Prof. S. K. Sopory, Vice-Chancellor, JNU, New Delhi and Shri Mahbubul Hoque, Chancellor, USTM, in presence of high officials of JNU in the Office of the Vice-Chancellor, JNU.

The MOU provides that JNU will guide USTM in academic promotions especially in the field of North East Studies by mentoring and training the faculties, special classes by JNU Faculties, guidance in University governance, syllabus & examination up-gradation, and jointly organising seminars, workshops, symposia on specific themes pertaining to the region in particular and national and international issues in general. JNU will also guide USTM in managing the research programmes by jointly guiding the scholars of USTM and in preparing DPR for projects and collaborative activities by taking lead.

The cooperation will open the doors for the faculties and students of USTM to go for higher education and research at JNU. They can now attend classes for specific period at JNU, can do internship and summer training under the guidance of JNU faculty/departments and can also access the library and lab facilities at JNU.

ERDF EXCELLENCE AWARD- 2015

Shri Tarun Gogoi, Chief Minister of Assam handed over ERDF Excellence Award-2015 to eighteen eminent personalities of Assam who have achieved excellence in various fields and contributed immensely to the society in a glittering a function held in the University of Science and Technology Meghalaya on the 20th of January, 2016. Shri Tarun Gogoi applauded the ERD Foundation for instituting the award for recognizing and appreciating the contribution of eminent citizens of Assam and hoped that this will encourage the recipients of the Award.

USTM Newsletter

UNIVERSITY OF SCIENCE & TECHNOLOGY, MEGHALAYA

Newsletter, October 2017- February 2018

Wisdom Tree..

Within a short period of its existence, USTM has emerged as the fastest growing and vibrant universities in north-eastern region of India. We are confident that very soon it will be one of the top ten of the country's best universities and also, that day is not very far when USTM will be counted among the most unique and exceptional universities of the world. Our journey so far has been quite struggling but our achievements

far outweigh the challenges and roadblocks that we had to surmount.

I am happy that one more issue of the USTM Newsletter is coming out. The contents would tell about what's happening in and around the University and motivate students to get into a healthy competition with one another to excel. I urge upon all the stakeholders to join us in our endeavour to transform this University into a world class institution.

Mahbubul Hoque, Chancellor

Vice Chancellor Speaks..

It is my immense pleasure to present before you the USTM Newsletter which covers some of the major events of the University from mid-October 2017 to mid-February 2018. The Newsletter would speak about the progress of activities of the University as this period has been marked by number of important events.

As the Newsletter tells about the appreciable activities take place in the University academic ambience, it gives me great pleasure to experience the enthusiastic interest among the academia of the University. I congratulate the editorial team and advisors of the Newsletter for their sincere efforts bringing out the publication on time.

Dr. R K Sharma, Vice Chancellor

USTM defeated JNU in terms of women students' enrollment : JNU VC

Prof. M Jagadesh Kumar, VC, JNU addressing the 3rd Convocation

Prof. M Jagadesh Kumar, Vice Chancellor, JNU, Prof. Jayant M Modak, Deputy Director, IISC, Bangalore, Prof. G D Sharma, Hon'ble Vice Chancellor, Bilaspur University had graced the 3rd Convocation of USTM on 9 September 2017. In his address as the Chief Guest, Prof Jagadesh Kumar said that USTM defeated JNU in terms of women students' enrollment. In the 3rd Convocation, a total number of 905 students which includes 744 at the PG level, 161 at the UG level and two Ph.D scholars, had received degrees. 26 students had received gold medals out of which 17 at the PG level and nine at the UG level.

Teachers must be Motivators: Meghalaya Governor

Performer faculties with the Governor of Meghalaya

Meghalaya Governor Sri Ganga Prasad handed over 40 Excellence Awards to selected faculties and Departments of USTM at the 'Annual Performance Day 2017' on 17 November 2017. The awards were instituted by USTM to encourage the teachers and recognize the contribution for educational development. The awards included package of Certificates, Rs 10,000 cash, to and fro airfare to Singapore or Dubai, interest free car loan and 10 days paid leave. Delivering the awards, Sri Prasad said that teachers have many responsibilities and they must play the role of a motivator for the students.

Editors from NE States Brainstormed at 'USTM-Media Round Table 2018'

USTM announced several media fellowships for journalists of the region at 'USTM-Media Round Table 2018' in the University campus on Thursday, 18 January, amidst a galaxy of editors of newspapers and television channels as well as stalwarts and opinion-makers from different states of the North East. They greeted the Chancellor of USTM for his educational entrepreneurship through relentless endeavour towards development of education among the people. An Academia-Media Committee will be formed as a follow up to the Round Table to finalise the topics and other details of the fellowship to be awarded by USTM to journalists from the North East. The
