Vision and Mission of the University

Vision

To become one of the premier universities in the country by bringing together leading academicians, researchers, entrepreneurs, thinkers, administrators, corporates and other stakeholders in an endeavour to synergize their expertise with a view to impart world class education exploring opportunities and talents of north east region, thereby, creating a centre of cutting edge research and societal development in order to play a significant part of the process towards building scientific temperament and a knowledge capital.

Mission

- To empower the students to contribute to the societal development and also motivate them to accommodate themselves to the changing needs of the economy, accelerating nation building process.
- To explore opportunities and talents of Northeast region to think globally and work locally.
- To facilitate advancement of knowledge and frontiers of technology to meet the changing needs of the society.
- To support university community in which all members can excel.
- To become catalyst in creating a think tank and common platform from time to time among academicians and researchers.
- To assist entrepreneurs, social workers, industrialists, performers and other stakeholders for achieving excellence in different need based target oriented projects by integrating their expertise.
- To build a place of transformation for education, research and innovation with an analytical approach; and
- To produce thinkers, effective communicators, problem solvers, lifelong learners and ethical leaders.

1. Introduction:

The conduct of examinations and declaration of results is one of the important activities of the **University of Science & Technology, Meghalaya**. The office of the controller of examinations and admissions of the university is solely responsible for conducting examinations and declaration of results. It is important that the examinations are conducted with utmost precision, fairness and objectivity to gain world-class credibility and esteem. The main emphasis is to assess the knowledge gained by a student and motivate him/her to improve upon it. Instilling confidence amongst students about the assessment system and timely publication of highly accurate results is essential. In order to achieve this, the USTM Examination Management System (UEMS) software developed, all rules and procedures relating to the examinations, all the Forms/Proforma for use in the examination process/ system and documentation etc. have been drawn out in standardized formats. The manual also defines the roles, responsibilities of the people involved, protocols, procedures to be followed and various steps that have to be taken at all the levels associated with the conduct of the **examinations**. The university has been implemented continuous evaluation of student's performance which aims at measuring the degree of knowledge assimilated by the students during a course of study without bringing excess pressure.

The office of the controller of examinations and admissions of the university is the back bone of the university. The office is governed by the university regulation R1: Rules and Regulation for Admissions and conduction of Examinations. The office is headed by the Controller of Examinations and Admissions (COEA), supported by one Dy. COEA, two Asst. COEA and other officials. The office is using its own software namely USTM Examination Management System (UEMS) used by faculty, students and officials for all examination activities.

Examination Calendar (2021-22):

The academic calendar for each and every academic session is issued by the Office of the Registrar of the University right before the academic session starts for both Odd and Even semesters. Based on it the examination department prepares the detail schedule of conduction of all the necessary examinations for each and every semester.

2. Central Examination Committee (CEC):
