Area of BI in Sq. ft.(Total area)	3500	Area of BI in Sq. ft.(buildup area)	4000

Details of ongoing innovative activities being undertaken by the Institution.

Innovation, Entrepreneurship and Start-Up being an important attribute of USTM, as a part of our Strategic Plan we wanted to come up with Business Incubator Centre, as an ecosystem promoting Innovation and Entrepreneurship. The Innovation and Entrepreneurship Ecosystem started taking shape in 2014 as we gave a proposal for infrastructural support to the Ministry of Food processing, which was approved in October 2014. We developed an advanced food processing laboratory, equipped for research on food alternatives for our students of Food Science and Technology, with financial grant of Rs. 75 lakhs from Ministry of Food processing in 2014. Our students started taking initiatives and came up with innovative projects. In 2017 we started coordinating with EDII, Ahmedabad for support, with multiple projects lined up by several of our departments. We setup a NewGen IEDC (Innovation and Entrepreneurship Development Cell) with support of Rs. 25 lakhs from EDII, Ahmedabad under DST-NewGen IEDC 2017 of National Science and Technology Entrepreneurship Development Board (NSTEDB), DST, Govt of India, New Delhi. Looking at our progress, we further got assistance of Rs.35 lakhs recurring grant for 10 student projects and Rs. 47,50,000 for 15 student projects for 2nd year in 2019. Our students came up with innovative ideas in various field of Applied and Basic Sciences for the sanctioned proposals. In 2019, University came up with Centre for Innovation, Incubation and Entrepreneurship with own funding and identified mentors supporting the students in selection of projects and guidance on project work. Centre for Innovation, Incubation and Entrepreneurship (CIIE) is headed by Er. Debasish Saha with following units namely 1. Entrepreneurship Development Cell, 2. Innovation and Incubation Hub, 3. Intellectual Property Rights Cell, 4. Start Up Consortium, 5. Consultancy and Training Division. We have a sophisticated state of the art Central Instrumentation Centre, Fully equipped Central Workshop facility, Science laboratories with latest equipment and facilities in the campus. We have conducted various activities for strengthening the ecosystem of innovation and entrepreneurship. -Entrepreneurship Awareness camps in Q3 2018 of 3 days each month. -Establishing MOUs with neighbouring industries and conducting industrial visits -Participation in Innovation Conclaves 2019 and received innovation awards uploaded -Faculty are encouraged with financial support for seminar, workshop and training. -PG students visiting other institutes for project are offered financial support. A Central Dairy farm implemented in campus to produce milk for students and generate manure for horticulture and pisciculture with recycled vegetable waste. Ducks released in the pond fed with organic manure which in turn helps fish breeding. Social outreach visits helped identify project areas. We have set up an Organic Market for villagers in Campus.
