**USTM's outreach programme for street dogs in Guwahati**

**CHRONICLE NEWS SERVICE**

GUWAHATI: An outreach programme titled "Street Dogs East" was organized by the Department of Computer Science and Technology, Meghalaya University of Science and Technology (USTM) in collaboration with People for Animals in Guwahati and the National Service Scheme (NSS) Unit at USTM at VIP Road in Guwahati on Saturday.

The primary objective of the programme is to provide nourishment to stray dogs in the area. The initiative was aimed to address the issue of stray dog welfare while fostering a sense of compassion and social responsibility among the students and the wider community.

More than 50 stray dogs were provided food during the event, which was made possible through the collaborative efforts of the organizing entities. The VIP Road, one of the bustling areas in Guwahati, is known for its significant stray dog population. The organizers had made arrangements to ensure the safety and well-being of the participants, volunteers, and the dogs. The feeding stations were set up, adhering to hygiene standards, to provide nutritious food and water to the stray dogs. Volunteers, including students and faculty members from the Department of Computer Science, USTM actively participated in the event.

The collaboration with People for Animals, a prominent animal welfare organization, enhanced the outreach effort. Their experience and networking and event management initiatives, such as the "Top Petriatives Post", helped in making the event more effective. The organizers expressed their commitment to continue such initiatives to ensure the safety and well-being of the stray dogs in the area.

# Over 3,000 saplings planted in Arunachal Pradesh

**NORTH EAST**

ITANAGAR, MAY 20: Over 3,000 saplings were planted as part of Mission Green Miao in a sub-division of Arunachal Pradesh on Saturday, an official said.

The initiative aims to mitigate the effects of climate change, Miao additional deputy commissioner from Talo said.

The saplings were planted on a 26-km stretch of road between Namchik and Miao.

The plantation programme in Miao, a sub-division under Changlang district, is under the Mission Arunachal LIFE Campaign, a part of the Pakke Declaration.

The state cabinet had on November 13, 2021, adopted the Pakke Declaration 2047, aimed at "climate-resilient development" in the state.

The declaration envisages a multi-sectoral approach towards low emission and climate-resilient development through five broad themes — forest and climate change, health and well-being of all, sustainable and adaptive livelihoods and opportunities and evidence generation and collaborative action.

The programme is a part of the state's climate change action plan, which includes afforestation, agro-culture activities besides rapid reforestation. We decided to initiate a rejuvenation plan to mitigate the climate change effect with the hope that human intervention will surely reduce environmental impact," Talo said.

# Fawn rescued, released into jungle

**YACHALI, MAY 20:** A 10-day-old fawn was rescued and released back into the jungle here in Lower Subansiri district on Wednesday.

The young male barking and the villagers of Belo in Yachuli circle found it roaming alone, pleading for help, in the nearby jungle. NET BUREAU

event, which was made possible through the collaborative efforts of the organizing parties. The VIP Road, one of the bustling areas in Guwahati, is known for its significant stray dog population. The organizers had made arrangements to ensure the safety and well-being of the participants, volunteers, and the dogs. The feeding stations were set up, adhering to hygiene standards, to provide nutritious food and water to the stray dogs. Volunteers, including students and faculty members from the Department of Computer Science, USTM actively participated in the event.

The collaboration with People for Animals, a prominent animal welfare organization in Guwahati, further enhanced the impact of the outreach program. Their expertise and guidance contributed to the planning and execution of the event, ensuring the welfare of the stray dogs in the area.

Through initiatives like the "Street Dogs East", the University of Science and Technology, Meghalaya, continues to make significant contributions towards animal welfare and community development. NET BUREAU

# 7th North East Graduate Congress 2023 to start at USTM

GUWAHATI: The 7th North East Graduate Congress 2023 is set to commence at the University of Science and Technology Meghalaya (USTM) on Saturday.

The event, organized by the NSS Unit at USTM, will feature a series of seminars, workshops, and panel discussions on various topics related to education, research, and development in the North East region.

The organizers expect a large turnout of graduates from various institutions in the region, who will have the opportunity to interact with experts and share their experiences.

The congress is a platform for graduates to showcase their skills, network with peers, and explore new opportunities in their respective fields. It is also a chance for them to contribute to the development of the North East region through their ideas and initiatives.
