USTM's outreach programme for street dogs in Guwahati
 CHRONICLE NEWS SERVICE
 GUWAHATI: An outreach programme titled "Street Dogs Feasit" was organized by the Department of Computer Science and Technology, Meghalaya University of Science and Technology (USTM) in collaboration with People for Animals in Guwahati and the National Service Scheme (NSS) Unit at USTM at Vih Road in Guwahati on Saturday. The primary objective of the programme is to provide nourishment to stray dogs in the area. The initiative was aimed at addressing the issue of stray dog welfare while fostering a sense of compassion and social responsibility among the students and the wider community. More than 50 stray dogs were provided food during the event, which was made possible through the collaborative efforts of the organizing entities. The VIP Road, one of the bustling areas in Guwahati, is known for its significant stray dog population. The organizers had made arrangements to ensure the safety and well-being of the participants, volunteers, and the dogs. The feeding stations were set up, adhering to hygiene standards, to provide nutritious food and water to the stray dogs. Volunteers, including students and faculty members from the Department of Computer Science, USTM actively participated in the event. The collaboration with People for Animals, a prominent animal welfare organization in enhanced outreach efforts. Their experience and networking and event, one of the top priorities for the "Feasit" initiative, to make contributions for an open

Over 3,000 saplings planted in Arunachal sub-division

ITANAGAR, MAY 20: Over 3,000 saplings were planted as part of Mission Green Miao in a sub-division of Arunachal Pradesh on Saturday, an official said. The initiative aims to mitigate the effects of climate change, Miao additional deputy commissioner (from Taga) said. The saplings were planted on a 26-km stretch of road between Namchik and Miao. The plantation programme in Miao, a sub-division under Changlang district, is under the Mission Arunachal LIFE Campaign, a part of the Pakke Declaration. The state cabinet had on November 13, 2021, adopted the Pakke Declaration 2047, aimed at "climate-resilient development" in the state. The declaration envisages a multi-sectoral approach towards low emission and climate-resilient development through five broad themes – forest and climate change, health and well-being of all, sustainable and adaptive livelihoods and opportunities and evidence generation and collaborative action, and human capital development. USTM outreach to celebrate Motherhood and Nurture the Future

9TH MILE, Khanapara, Ri Bhoi, MAY 13: Various departments of the University of Science & Technology Meghalaya (USTM) celebrated motherhood today through outreach activities in the neighboring villages in honor of the mothers living there. While the students of the Department of Computer Science made home visits offering tokens of appreciation and health care assistance to the mothers with the help of health professionals, the Department of Pharmacy and the NSS cell conducted a talk on Health and Menstrual Hygiene for Women and distributed

a wide range of services to the mothers in the area, which included health and wellness check-ups, educational and skill-building work-

shops, and children's fun activities. A group of volunteers visited the homes of mothers residing in the villages. These volunteers interacted with the mothers with appreciation, high-

lighting their tireless efforts in taking care of their families and communities. Students of NSS and SOPS distributed sanitary pads among village women. Health professionals were present to conduct health check-ups and provide maternal and child health advice. Additionally, educational workshops were held to equip mothers with new skills and knowledge. The outreach program received an overwhelming response, with over 20 mothers and their families actively participating in the day's activities. Several mothers conveyed their heartfelt gratitude, stating that it was a rare opportunity for them to unwind and relish themselves while also learning valuable skills and gaining much-needed support and guidance.

fair. On the same occasion, the North East Principal and Faculty Meet-2023 was also organised by the USTM today, where principals from more than 200 colleges are present.

Addressing the gathering, USTM Chancellor Mahbulque said, "We have been missing the NEGC to benefit the region's youths by giving them set their vision that they can shoulder responsibilities and contribute to nation-building." The event is a flagship project of the USTM that inculcate the spirit of togetherness, regional inclusivity, social harmony and brotherhood among the youths, he added.

During the inaugural session of the event, the welcome address was made by USTM VC Pro GD Sharma, while the vote of thanks was offered by Dr Balendra Kumar Das, Pro Vice Chancellor, USTM.

Jayanta Malla Baruah, Minister of Public Health Engineering, Assam, was a special guest at the event. The inaugural ceremony of the NEGC-2023 was witnessed by prominent personalities including youth icons, academics, politicians, cultural and sports icons, motivational speakers, principals of various colleges, faculty members, and many students.

In the NE Principal and Faculty Meet, the Academic

Leadership Award-2023 was handed over to principals of selected colleges by minister Baruah. Noted motivational speaker Thomas John Rose took a session on 'Leadership in Academics' at the principals' meet. The colleges also signed MoUs with the USTM on the same day.

The NEGC is a confluence of the students' community at the undergraduate level, which is held annually under the aegis of the USTM. Its main thrust is to facilitate aspiring and budding youths to have interactive sessions with academicians, educationists, industrialists and entrepreneurs of national and international repute on a single platform.
