

### **6.2.1 The institutional Strategic plan is effectively deployed**

Describe one successfully implemented activity based on the strategic plan within a maximum of 200 words

#### **Response:**

The ethos of excellence encapsulated through the vision of emerging as a world class institution is manifested in the strategic plans and perspectives at the USTM. While academic rigour and intellectual capital constitute one of the pillars, the other pillars thrive on meaningful human connections amidst an ambient, world class infrastructure.

The University, since its inception, has put in place best-in-class infrastructure with provision of smart classrooms, well equipped & world class auditoriums, conference and seminar halls interspersed within the University. In line with our Strategic Plan, we initiated the work of Ayurvedic Hospital and College. We also laid the foundation stone for our 1000 bedded Medical Hospital & College.

We have always wanted to reach out to the best of the academicians for guidance and support in achieving our objective of becoming a Global destination. We hosted the National Vice Chancellor's Conference with the Theme of 'AtmaNirbhar Bharat', where almost 400 plus Vice Chancellors along with family & many more dignitaries joined the event. The Hon'ble Former

President Mr. Ram Nath Kovind also graced the occasion along with the Chief Economic Advisor to the PMO, Govt of India.
